**EXAMINER'S AMENDMENT**

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on August 28, 2009, Michael Baniak requested an extension of time for 1 additional MONTH(S) [the 5th month extension fee] and authorized the Director to charge Deposit Account No. 132490 the required fee of \$360 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Non-elected claims 12-18 are cancelled.

In line 1 of the specification, insert --This application is a 371 of PCT/EP03/07536.--

2. Claims 1-3, 5-11, and 19-20 are allowed

3. The following is an examiner's statement of reasons for allowance: Applicant's proposed amendment, which was discussed in the interview dated June 23, 2009, overcomes the prior rejection. The prior art of record, such as JP 11-245,306, does not disclose or make obvious "a control device which controls the switch device to apply the radiation source for concurrent production of an object in each building region". The Japanese reference discloses the ability to switch between two building regions, but this switching does not permit concurrent building. Furthermore, such a modification would be hindsight reasoning without some explicit reasoning or disclosure of switching.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to George R. Koch III whose telephone number is (571) 272-1230 (TDD only). If the applicant cannot make a direct TDD-to-TDD call, the applicant can communicate by calling the Federal Relay Service at 1-866-377-8642 and giving the operator the above TDD number. The examiner can also be reached by E-mail at [george.koch@uspto.gov](mailto:george.koch@uspto.gov) in accordance with MPEP 502.03. The examiner can normally be reached on M-F 9-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Philip Tucker can be reached on (571) 272-1095. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
